LEARNING TO LAUNCH

Through small group sessions, we will meet once a month to support the post-secondary exploration process as students look ahead to the transition to life after high school.

Together, we will navigate this process with practical knowledge and a strong focus on personal well-being.

**Learning to Launch may be entitled to reimbursement through your Extended Health Benefits. Please contact your plan administrator to inquire about counselling services offered by a Registered Clinical Counsellor.*

Michelle Robertson

Together Counselling + Wellness
- Associate Counsellor -
Post-Secondary + Educational Planning
michelle@togethercounselling.ca

Guiding students through the complicated process of post-secondary planning with warmth, creative-thinking, and a solution-oriented attitude.

I create an open environment where my clients receive support and expertise in finding the school, program, or path that is the best fit for them.
